Friday 7:00 PM - Bible study in the dining room. We're in Matthew chapter 20

Next Sunday 10:00 am – Worship Service – Communion Sunday

Tear Down the Dams!

The Bible uses water to symbolize the Holy Spirit. We need to avoid hindering the flow.

- John 7:37-44 - To drink this water you must go to Jesus!
- John 4:10: To get the water of life we have to go to Jesus –he has it, He created it, and He wants to give it to you.
- Revelation 21:6 - Jesus is offering the purest water and it cost us nothing!
- Revelation 21:5-7 - This river is a promise to all who overcome – it's your inheritance!
- Acts 8:18-23 You cannot buy this water.
- Revelation 22:1-7 - The river flows from the throne of God.
- Zech 14:5 – 9 The source of this life giving water is Heaven! It flows out of the throne of God and it brings eternal life and healing.
- What holds back this life giving water today? Spiritual dams!
- Paul warns us not to block the flow of the river of the Spirit!
- 1Thess. 5: 12-24 - The Apostle Paul lists several things here which will hinder or even stop the flow of the water of life (the Holy Spirit) into a church, a community, a family or even a person's life.
- John 5:1-15 – Do you want to be healed?
- We need to get people into the healing waters. We need to help people find it, soak in it, drink it, and be healed.

Now... let's get things ready to go out and break down the dams and let the river flow!

If you have a special prayer need or if you would like to know Jesus personally, please reach out to us before you leave here today.

Thank you for coming this morning. We are so glad you joined us!
